Mission

Pitman Training aims to achieve and sustain excellence in every area of its involvement in learning, thereby maintaining and developing its historical position as a world-class provider of workplace skills education, and enriching national and regional communities in GCC through the success of its methods and the skills of its learners.

Vision

Our vision serves as a "Roadmap" and guides every aspect of our business by describing what we need to accomplish in order to continue achieving sustainable, quality growth.

- P Provide outstanding affordable training services to our customers
- I Invest in our staff for the sake of training services.
- T Take the main share in Kuwait market
- M Maintain a close relationship with our customers during and after delivering our services.
- A Always be ahead of the competition by providing the most up-to-date training courses.
- N Never fail to meet or even exceed our customers' expectations

Partners and International Accreditation

Worldwide

In 1870, Sir Pitman introduced the concept of "shorthand" and provided training on it. Ever since, over 90 Pitman Training Centers have been launched all around the world (UK, Ireland, New Zealand, and other countries).

Pitman training has now become

a trademark associated with quality education and made Pitman occupy its international commendable position. Pitman is considered the first training center in the UK for IT and modern management training.

Pitman trains more people than any other training company, thanks to applying the international total quality

system according to ISO 9002, which includes premium courseware content, attention to all training implementation details and following up on the training output.

Such international total quality criteria are the cornerstone in Pitman's highly advanced training centers network, which conducts over 250 courses spread over 700,000 training hours and 500,000 trainees each year.

In Kuwait

Pitman Training Center is a subsidiary of Automated Systems Company (ASC).

Automated Systems Company (ASC) is a Public Shareholding Kuwaiti Company established in 1988. In November 2002, ASC joined the Kuwait Stock Exchange (KSE) as a technology company. It has a current capital of 10 million Kuwaiti Dinar. The journey started with an aim of providing IT Services & Solutions exclusively to the aviation industry but has expanded to other businesses such as Healthcare, Education, Banking, Oil & Gas, Telecom, and Construction. ASC provides a diverse set of technology services & solutions to a wide range of industries. Our continuous quest for excellence through our dedicated team and innovative solutions, which is at the heart of our operations, has helped us gain the trust and satisfaction of our valuable customers and partner.

PM Mini MBA Project Management

COURSE OBJECTIVES

The course offers a practical approach to managing projects, focusing on organizing, planning, and controlling the efforts of the project. Students participate in structured workshops where simulated project plans are designed and implemented. The course is based on the best and most current thinking in the field, particularly the Project Management Institute's (PMI®) approach described in A Guide to the Project (PMBOK® Guide). Case studies, active participation in team exercises, and practical information reinforce learning. At the end of the course, attendees will understand why project management requires a high degree of professionalism, and how to achieve that end in future projects.
